RENEWED PETITION UNDER 37 CFR §1.181

Mail Stop PCT
Commissioner for Patents
Office of PCT Legal Administration
P.O. Box 1450
Alexandria, Virginia 22313-1450

Dear Sir:

Applicant respectfully petitions the Commissioner to withdraw the Notice of Abandonment for the above-referenced application due to failure to receive the Notification of Missing Requirements under 35 U.S.C. 371 in the United States Designated/Elected Office (DO/EO/US) (hereinafter referred to "Notification"). If a petition fee or any additional fee is required, Applicant authorizes the debit of Deposit Account No. 02-2666.

On May 16, 2006, Applicant's representative telephoned the PCT Help Desk to inquire about the status of the above-referenced application. Applicant's representative was informed by the PCT Help Desk that at the time the PCT Office was running 14 months behind. See **Exhibit A**. When Applicant's representative did not receive an Official Filing Receipt, Applicant's representative sent a Status Request mailed March 6, 2007 (see date stamped as **Exhibit B**). Applicant's representative did not receive a response to the Status Request. On September 10, 2007, Applicant's representative called the PCT help desk clerk to inquire about the status of the above-referenced application. Applicant's representative learned from the PCT Help Desk that a

Notification was issued on November 29, 2006. A copy of the Notification was faxed to Applicant's representative on September 10, 2007, by the clerk. Applicant's representative filed a petition to revive the above-referenced application on September 11, 2007.

Applicant's representative attests that the November 29, 2006, Notification was not previously received by the representative or the representative's firm. Applicant's representative attests that a search of the file jacket and docket records was conducted both of which indicate that the Notification was not received.

Applicant's representative's firm maintains a docket database including an entry to monitor the receipt of communications received from the Patent Office.

A copy of a first docket report is attached as **Exhibit C**. The docket report is generated by a Filemaker Pro based platform and shows all docket entries for the above-referenced application between the period beginning June 21, 2006, and ending September 21, 2007. If a Notice of Missing Requirements had been received with a two month deadline from November 29, 2006, the docket report would show a deadline of January 29, 2007, for a response to the notice. Applicant's representative attests that no such entry is present in the docket report.

A copy of a second docket report is attached as **Exhibit D**. The second docket report is generated from a FIP platform that is completely separate from the earlier referenced Filemaker Pro platform. Applicant's representative attests that the second docket report also shows no entry for a deadline of January 29, 2007, to respond to a Notice of Missing Requirements for the above-referenced application.

Exhibit E is docket report generated by the Filemaker Pro docket that shows all patent matters for Applicant's representative's firm with a due date of January 29, 2007. Client names and serial number/patent numbers for irrelevant clients/applications/patents of the firm have been redacted. The firm's docket and matter number, responsible attorney initials, and the description of all patent matters are shown. Applicant's representative attests that the report indicates that there is no deadline of January 29, 2007, for a response to a Notice of Missing Requirements for the above-referenced application.

Applicant respectfully petitions to withdraw the Holding of Abandonment of the application under 37 CFR §1.181 for failure to receive Notification. In connection with the Petition, Applicant resubmits herewith a Response to Notice of Missing Requirements mailed November 29, 2006. The Response is attached as **Exhibit F**.

Applicant's representative attests again that the Notification was not received and that a search of the file jacket and docket records indicates that the Notification was not received.

Applicant authorizes the debit of Deposit Account No. 02-2666 for a three-month extension of time to respond to the Notification that Applicant did not receive. Applicant believes that had the Notification mailed November 29, 2006, been received, Applicant would have responded by January 29, 2007. If any further extension of time fee is necessary in light of this petition, Applicant hereby authorizes the debit of Deposit Account No. 02-2666.

CONCLUSION

Applicant respectfully request that the Petition be granted immediately and that the Notice of Abandonment of the application be withdrawn so that the pending prosecution may continue.

If necessary, the Commissioner is hereby authorized in this, concurrent and future replies, to charge payment or credit any overpayment to Deposit Account No. 02-2666 for any additional fees required under 37 C.F.R. §§ 1.16 or 1.17, particularly extension of time fees.

If the Office of Legal Administration believes additional information is necessary to grant the petition or has any questions about anything contained in this submission, the Office is urged to contact Applicant's representative by telephone at the number provided below.

Respectfully submitted,

Dear Sir:

I, Melissa Stead, declare as follows:

1. I am employed by Blakely, Sokoloff, Taylor & Zafman LLP as a legal assistant. My job duties include assisting attorneys with the firm in preparing and filing patent applications, preparing correspondence to the United States Patent and Trademark Office and monitoring a patent docket.
2. On May 16, 2006, I called the PCT Help Desk to inquire about the status of the above-referenced application. I was advised that the PCT Patent Office is running 14 months behind in processing new applications.

3. I hereby declare that all statements made herein of my own knowledge are true and all statements made on information and belief are believed to be true; and further that these statements are made with the knowledge that willful false statements and the like so made are punishable by fine or imprisonment, or both, under Section 1001, Title 18 of the United States Code, and that such willful and false statements may jeopardize the validity of the application or any registration issued thereon.
